Strangely sweet

Dave loves being pet.

Yeah, he probably won't admit it, but if I ask him to crawl into my arms so I can play with his hair and rub his back, there is a 100% chance he will do it. He will snuggle up to me and practically demand to be pet.

Through the day, he may be the General. But during the quiet hours of the night, he will cuddle me, he will want to be the little spoon and he will want me to hold him.

There's something strangely sweet about the mighty Dave Mustaine being my personal teddy bear.
